P.C. MOUNTING

HARDWARE

SWITCH FUNCTION

Model No.	POS. 1	POS. 2
MZME 1 DB	ON	ON
Term. Conn.	2-3	2-1

Specifications:

- Contact rating: 0.4VA max.; 20V max. (AC or DC)
- Contact resistance: 10mOhm max. at 2-4V DC
- Insulation resistance: 1 000MOhm min.
- Dielectric strength: 1 000V RMS
- Operating temperature: -40°C to +85°C
- Mechanical life: 30 000 make-and-break cycles
- ESD resistance: 10kV between actuator and terminals
- UL certified
- Material: Case / bushing: glass filled nylon 66, flame retardant, heat stabilized (UL94V-0), color black with a white print
Actuator: glass filled nylon 6/6
Contact / terminal: copper alloy, gold plated

Compliance: RohS III (2015/863/EU)

Tolerances: 0.00: ±0.25mm 0.0: ±0.40mm	Date	Name
	03/08	dr
Temperature	07/21	dr
Panel mounting	07/08	dr
Modifications	Date	Name
